DIMEH SINCE 1971

The First And The Largest Manufacturer Of Spiral And Decorative Stairs In Iran

**The first and the largest manufacturer of floating spiral and decorative stairs in Iran**

Dimeh, with nearly half a century of valuable experience in the fields of construction and industry, specializes in the following areas :

**Stairs:** Design, structural calculations, manufacturing, and installation of various types of stairs

**Pedestrian bridges:** Design, structural calculations, manufacturing, and installation of pedestrian bridges

**Urban elements:** Design, structural calculations, manufacturing, and installation of urban metal elements

**Forming:** Specialized metal forming with various heavy and semi-heavy cross-sections

---

**Builder of the stairs of Milad Tower**

**Builder of the largest suspended spiral staircase in the country**

---

Dimeh is the name of a region and a mineral spring in the Bakhtiari land.

**All stair images are exclusive to Dimeh and any copying or reproduction is subject to legal action**
